3 Courses

Introduction to Artificial Intelligence (AI)

What is Data Science?

The AI Ladder: A Framework for Deploying AI in your Enterprise

IBM.

Nov 12, 2020

Cesar Marco Antonio Robles Gonzalez

has successfully completed the online, non-credit Specialization

IBM AI Foundations for Business

This specialization will explain and describe the overall focus areas for business leaders considering AI-based solutions for business challenges. The first course provides a business-oriented summary of technologies and basic concepts in AI. The second will introduce the technologies and concepts in data science. The third introduces the AI Ladder, which is a framework for understanding the work and processes that are necessary for the successful deployment of AI-based solutions.
